C. F. von HERRMANN.

War was made so and with it the epir line. It was the case Saturday, when the Austro-Germans recorded the success of their offensive in the east, no official communication from either Berlin or Vienna reached the London newspapers today. Saturday's communication was released Sunday for publication, and up to nearly midnight to-night no new communication has come to hand. In the meantime the additional official information from Petrograd, there is nothing to throw fresh light on the eastern front, but the Austro-German advance could hardly be soon have been so momentous.

According to the latest accounts, the Austro-German forces, advancing from Przemyśl, were within 10 miles of Warsaw, while to the south, Von Mackensen's center of attack was within 10 miles of the Lublin-Czernowicz railroad.

#### ALLIES IN WEST MAY BEGIN DRIVE.

These tremendous German activities in the east suggest that the Western allies have little reserve to devote to their western campaign, offering the entente a respite, either for the completion of munitions supplies or a concerted attempt to recapture the lost territory.

Another view holds that the best service the allies could give Russia at this time would be the forcing of the Dardanelles. It is possible the allies may combine both suggestions, attempting a respite in the east, while continuing the pressure on the Dardanelles. The French reported strong attacks on the heights of the Meuse, a violent cannonade near Bouchem, the bombardment of Arras and the capture of the forts of Arras and the capture of the forts of Arras and the capture of the forts of Arras.

#### FRENCH STOP GERMAN CHARGES.

Paris, July 19.—(London)—The French official statement issued by the French war office tonight said:

"In Africa, there was a violent can-

nomade near Bouchem, but no infantry action. The British were thrown into Arras. The Argentine, fighting with bombs and tanks took place. The German this afternoon delivered two attacks against the position on the ridge south of Bouchem, which then bombarded our trenches and with effective delivery of shells. The minor attacks which we repelled. The German losses were considerable.

Quiet prevailed on the rest of the front. One of our aeroplanes pursued and brought down by machine gun fire an enemy aeroplane which fell in flames within the German lines near Bouchem. Our artillery completed its destruction of the German positions.

The communication issued in the afternoon follows:

The enemy last night violently bombarded our trenches at St. Georges, Belgium, as well as the village and church of Bouchem.

In Africa the Germans attacked towards midnight west and southwest of Bouchem, on a front of 1,500 yards, but were repelled.

In the Argentine, a German attack in the region of St. Hubert was driven back. In Apremont encounters occurred with bombs and grenades, without infantry action.

In Lorraine, at Nahon, on the Selle, and on the southeast borders of the Vosges, the French, some advance encounters were reported, wherein we had the advantage.

The night was calm on the rest of the front. The British government since March 11 has paid \$1,000,000 in cotton cargoes, twenty-five shipments of which have been purchased in pursuance of the arrangement with American cotton shippers.

In giving this information, the house of commons today, Lord Robert Cecil, parliamentary under-secretary for foreign affairs, said forty-nine vessels with cargoes made up solely or partly of cotton, had been diverted to ports of the United Kingdom since March 11, and eleven to other British ports.

Equipment Contracts  
Totaling \$2,500,000  
Placed by the B. & O.

Baltimore, July 19.—The Baltimore and Ohio railroad placed today for equipment that will cost approximately \$2,500,000. The order is for 2,000 steel hopper cars and fifty flat cars for passenger service. Immediate delivery is stipulated in the contracts.

The Maryland Steel company had contracted for the construction of the marine department to cost \$1,000,000.

Benson Embraces Judge in the Police Court

C. L. Benson, charged with insanity, created a scene in police court Monday afternoon when he threw his arms around the judge and declared his intention to die with him.

Mr. Benson was charged by his wife, Mrs. Benson, with insanity. He was taken out for him was brought before Judge Johnson, in order to hold him for trial.

Benson stated that he and his wife had been married for many years. He said he was a good man and that he was a good man.

New York, July 19.—The cotton market was unsettled today, with prices falling off about 1 1/2 to 2 cents, increased nervousness over the political situation and reports of a possible war with Mexico. The close was barely steady, and from 19 to 21 points net lower.

Liverpool was relatively steady in the afternoon, but in the morning it was depressed by the firm tone of late last week. A private report published before the opening placed the condition of the crop at 1/4 per cent, compared with 75 1/2 per cent about two weeks previously, but this was a smaller deterioration than indicated by figures published last week, and there were quite a good many scattering reports from cotton belt states which indicated that the crop had recently made some improvement. The market was depressed by the report that the western belt forecast for showers was not so good as it had been, and the stock market, which checked the advance in price, fell sharply, and the cotton market followed.

After showing a set and a point of 20 to 21 points on active months, the market was relatively steady, but the lowest on covering or some renewed buying for a reaction, but these gains were not fully maintained, and there was renewed selling late in the day on reports of showers at several points. Private cables published here reported good crop prospects in India, as a result of beneficial rains, and an advance in the price of rice in India, 50 per cent as much commercial rice as the last year, and a similar advance in the price of rice in the south this season seemed to add to the particular tension of the market.

According to reports published by the Government of agriculture 32 per cent of this year's crop had been harvested by producers up to June 1, compared with 25 per cent last year. However with continental connections having been established, the market was not so depressed as it had been. The market was not so depressed as it had been. The market was not so depressed as it had been.

New Orleans Market Report.

New Orleans, July 19.—After an advance of 1/2 to 1 point, the market was unsettled today, with prices falling off about 1 1/2 to 2 cents, increased nervousness over the political situation and reports of a possible war with Mexico. The close was barely steady, and from 19 to 21 points net lower.
